Robins Nest

DiscoverScotland tours

Robins Nest is located in a rural location with beautiful views across Breakish. The pod is located within the grounds of your host Emily's family home so you may see them and their family dog in the area.

As the pod is self catering, no breakfast is offered but there is a kitchenette to allow you to put together a lovely meal to enjoy along with the scenery. Passengers are advised to bring food with them, with the option to visit a supermarket on day 2 or 3 of the tour.

There is one restaurant in Breakish (pre-booking required) or other options within Broadford. Please see our Breakish & Broadford Guides for maps of the local restaurants and supermarket.
